

# ACT FAVORABLY ON ORDINANCE TO BUY TRACT OF OLIVER

## Council to Vote on Purchase of Pumping Station Site at Next Meeting.

An ordinance authorizing the purchase of a tract of land from the James D. Oliver estate as a site for a new city pumping station and for park purposes was favorably acted upon by the committee of the whole of the common council last night and will be voted upon at the next regular meeting of the common council next Monday.

The purchase price of the tract, \$12,925 is at the rate of \$1,500 an acre, almost half the price asked for the property adjoining which has been sold recently. The site is slightly less than 22 acres in area and has frontage on S. Olive st. Sample. It is adjacent to the site where Engineer Artinshall made tests as to the availability of this section for additional pumping station facilities for the city. The acquisition of the property will be a fore-runner to the carrying out in detail of the Artinshall recommendations and a new pumping station will be erected soon on this site.

### Findings Verified.

Government tests have verified Engineer Artinshall's findings. Four test wells have been sunk showing a good flow of water for park purposes. At present it is believed that part of the tract will be developed into another park for the city after the new pumping station is completed.

Moyar Eli F. Seebert appeared before the committee with maps showing the tract to be purchased and surrounding land. The mayor outlined the need for the pumping station to care for the southern and southwestern section of the city where the water pressure has been found to be low.

The purchase of the Oliver tract will not require an appropriation by the council as this sum will be paid from the water fund, which is sufficient to make the purchase.

An ordinance amending certain sections of Ordinance No. 1898, adopted Nov. 8, 1917 and section four of Ordinance No. 1889 adopted Mar. 26, 1917 and adding four other sections to Ordinance No. 1898 as amended was approved by the committee, but final action was deferred to a special meeting of the committee of the whole to be held prior to the common council meeting, on Aug. 14. This action was taken due to an enabling clause which was omitted in the amended ordinance.

The new regulations concerning outdoor comfort stations and the increase of the plumbing inspector's salary from \$1620 per year to \$2400. The former plumbing code specified that structures of the type now used in the majority of cases in the city must be at least 12 feet from the dwelling. The amended ordinance will allow them to be erected adjoining rear porches, providing there is no entrance from them to the dwelling.

The increase in the plumbing inspector's salary was requested to retain the services of the present inspector who has proved very satisfactory. The present salary is much lower than he could obtain elsewhere. It is said, and the increase asked is expected to cope with this deficiency.

A discussion of the ordinance requiring the New Jersey, Indiana & Illinois R. R. Co. to maintain crossing flagmen at the intersection of their right-of-way and Kemble av., and also at Prairie av. was deferred for one week to allow the city attorney and the ordinance committee to draft a new ordinance to include all railroads having tracks crossing these streets.

# CAR STOLEN; OWNER FAILS "TO APPEAR"

## Garage Owner Reports Machine, Held for Repair Bill, 'Stolen' Late Sunday.

Alleged failure of J. W. Klinger, Ann Arbor, Mich., to pay a garage repair bill is believed to explain the forcible entrance into the Don Rhone garage, 126 N. Walnut st., and the theft of an Overland touring car Sunday evening, according to information disclosed by the police Monday.

The car had been left in the garage for repairs amounting to \$60.25. Rhone said. Saturday, Klinger called for the car and learning of the bill said he would pay it. He returned for the money to meet it Sunday evening the garage was broken into and Klinger's car stolen. Monday, Klinger had not appeared to claim the car.

In informing the police, Rhone described the machine as a Light-colored, equipped with two new tires, Nos. 7033648 and 7083844 on front and rear wheels. The right fender on the machine, he said, was badly bent.

Two other automobiles, both with out-of-town owners, were Monday reported to the local police as having been stolen. A Ford truck, bearing Indiana license No. 82782, motor No. 2066823, was stolen at Plymouth.

Sheriff Bridgman called the department from St. Joseph, Mich., on the theft of a Buick roadster, 1920 model, engine No. 2456953.

# 14-Year-Old-Boy Is Held For Assaulting Young Girl

A startling case of juvenile delinquency came to light here yesterday morning when an eight-year-old girl, whose name is withheld, admitted to Police Matron Minnie Evans that she had been heinously assaulted by a 14-year-old neighbor boy at her home in the south section of the city Sunday.

The girl had for two days stoutly maintained that the source of the injuries was a fall from a wagon Sunday morning but yesterday revealed the name of her assailant. The boy, who despite his youth is located to be a pervert, was arrested yesterday afternoon, by Capt. Hamilton. He is now being held at the county jail.

Upon his arrest the lad is said to have at first proved an alibi as the police were of the opinion that the crime was committed Sunday, later confessing. The girl is under medical care.

# Ambition to Show Fistic Process Lands 'Bud' in Cell

# IMPERSONATIONS OF LITERARY MEN GIVEN BY LANDON

## Large Crowd Enjoys Chautauqua Program—Present "Turn to the Right" Today.

Sidney Landon last night entertained more than a thousand persons with his impersonations of great literary men on the third day of the Redpath Chautauqua program at Leeper park. Mr. Landon furnished character studies of a number of famous American authors by impersonating wit with pathos in his presentations.

His offering was in no sense a lecture but as he said, more of a characterization of some of our leaders in the literary world. He altered his appearance by use of a "makeup" box and wigs in order that the impersonations appear more like life.

Landon first gave a realistic picture of Samuel L. Clemens, better known as "Mark Twain," as he delivered a speech on "Childhood's Happy Days" before a gathering of friends in New York who were celebrating his 70th birthday. He prefaced the interpretation by a short sketch of Clemens' life.

Following this, he portrayed a man whom he said was misunderstood by the public—Edgar Allan Poe. He described how the current idea of Poe's addiction to dope sprang from a jealous friend named S. Michaelson.

The portrayal of "Bill" Nye as given by Landon, was the most humorous feature of the program and kept the audience laughing. Nye was depicted as awkwardly delivering a speech on "The Boy" from the lecture platform, standing through out in one position, but gesturing clumsily to bring out points in his amusing speech.

Landon closed with a tribute to Longfellow, whom he declared was the most widely read of all American poets and whose works breathed simplicity, law, order, and peace. The great poet was shown in his old age discussing the beauty of death.

Precious to Landon's lecture, Irene Stolofsky and Assistant Artists gave a charming musical program. Miss Stolofsky, violinist; George Imbrie, baritone; and Frederick Persons, pianist, comprised the act. All are accomplished artists who were able to render several difficult selections with ease. Each of them gave solo. A short version of Strauss' "Blue Danube" played by Persons, Miss Stolofsky's rendition of Wagner's "Prelude to the Ring," and the "Road to Mandalay" drew encores.

The afternoon performance consisted of a program by Irene Stolofsky and her company which delighted the music lovers. Many classical numbers were given.

The Junior Chautauqua for children will be given at 10 o'clock this morning. This afternoon Miss Hansen will deliver her lecture on "How to Read a Moderate Income."

In the evening a production of the famous play "Turn to the Right" will be given by a professional cast.

# COURT IDLE WHILE DONAHUE LIES ILL; CONTINUE CHARGES

## Jellison Pushes Cases Over to Later Date for Attention of Deputy.

A score or more cases set for disposition in city court Monday went over for trial until Tuesday or later because of the illness of Judge J. H. Jellison. In the evening a production of the famous play "Turn to the Right" will be given by a professional cast.

Among the important cases continued for disposition later in the week were those against Lena Knight, 116 1/2 W. Colfax av., arrested Thursday for carrying a concealed weapon, and a recent police raid. These cases went over until Thursday.

Fourteen alleged violators of the liquor laws were notified to reappear to answer to charges against them at a later time. So, too, were several defendants to motor law violations.

# Rhodts Case Over

Adolph Rhodts and wife, Woodland, facing City Judge DuComb on unlawful possession charges the case was set for trial at 10 o'clock Monday. The case was continued to show the court why suspended jail sentences should not be revoked. They are in court to hear the court's judgment. Their cases, however, were continued until Thursday.

# HELD ANNUAL OUTING

NILES, Mich., Aug. 7.—(Special.)—More than 1,000 Knights of Columbus from Niles, Dowagiac, St. Joseph and Benton Harbor met at West's resort, Indian Lake, Sunday for their annual picnic and outing. M. P. Dwan acted as marshal of the day. A program of athletic events included races, games and swimming events.

# CAMPUS SLEEPS AS RENOVATORS SPEED AT NOTRE DAME U.

Students and Faculty Away for Outing—Rush "Dorm" Work—2,000 to Enroll.

With the departure of the Notre Dame summer school students, all haste is being made to finish building and renovation work now being done at the university, before the opening of the fall school term, Sept. 18.

Work on the temporary dormitory being built on the Carroll hall campus is being rushed to such an extent that already the main floor and side wings are ready for occupancy. The building is about 225 feet long and extends from near the "gym" to the northern extremity of the Carroll campus. When completed, it will have 34 rooms and accommodations for nearly 200 students.

# WIFE OF ALLEGED 'BUNCO' MAN HELD

## Arrested on Suspicion Following Charges Made by Victim of "Bogus" Deal.

An alleged attempt to swindle Stephen Kuharik, 924 S. 12th st., River Park, out of \$500 in a bogus transaction by Henry Coshier and Clarence Vail, roomers at Kuharik's home up to a few days ago, was partly frustrated when Corinne Vail, wife of one of the alleged bunco men was arrested at 12:15 o'clock last night in the 200 block on N. Main st. by Motorcycle Officers Herman Schriener and Oral Hamilton.

Vail's wife had packed her goods yesterday and is said to have concealed a trunk and three suit cases in a clump of bushes near the Kuharik home. Capt. of Detectives Hamilton was called in on the case yesterday afternoon and from information received by him the woman was apprehended last night as she had started toward Niles.

Although she claimed she was leaving to leave the city, the belongings of her husband and herself were found in a Buchanan-Niles bus operated by Otis Strop.

# UPWARD MOVEMENT CONTINUES AT N. Y.

## Good Investment Demand Noted at Day's Session on Cattle Market.

NEW YORK, Aug. 7.—(By A. P.)—With comparatively few exceptions, the upward movement in prices was continued in Monday's stock market. While the market showed indications of any extensive buying, a good investment demand was noted for some of the high grade rails and industrials, several of which reached new top prices for the year.

Among the rails which broke through for new top prices were Chesapeake and Ohio, Chicago and Northwestern, Pere Marquette, Great Northern preferred, St. Paul preferred and Southern railroad preferred, which registered gains of 1 1/2, 1 1/2, 1 1/2, 1 1/2, 1 1/2 and 1 1/2 points, respectively. The strength of the northwestern gains was attributed to the unusually good crop prospects for that region.

Strength of such equipment issues as American and Baldwin Locomotive and Pullman company, which were up 1 1/2, 1 1/2, 1 1/2, 1 1/2, 1 1/2 and 1 1/2 points, was founded on the belief that the railroads were required to bring up their depleted car and locomotive stocks to take care of the expected heavy demand for new equipment.

Other strong spots in the industrial group were Adams Express, Associated Oil, Crown Products, Dis Steel, National and W. W. W. B. units. Public utility also was in good demand, substantial gains being secured by North American, Detroit Edison, Philadelphia Edison and Brooklyn Edison.

Factors of carbed iron in automobile tires caused a reaction in the shares of that group. Goodrich dropping 4 1/2 points, Chandler Motors also was reactionary. Total sales were approximately 550,000 shares.

# NEW LOW MARK FOR WHEAT PRICES SET

CHICAGO, Aug. 7.—(By A. P.)—Buckwheat prices, together with indifference of demand, led to lowest prices yet this season in the wheat market Monday. Furthermore, some late selling was induced by vague reports about President Harding's health.

The season's new low record prices for wheat were reached early in the day long before any hint had been received as to the president's latest plans touching the strike settlement. With national and local wheat prices at 1.04 carloads and the hedging sales finding the market without any adequate buying support, prices went downward until the December delivery struck \$1.05, the bottom figure of the session.

Subsequently, moderate rallies took place, but more or less to give credit that quick work toward evolving credits for the purchase of foodstuffs might be done by the international conference which started today in London.

Corn and oats, as well as wheat, dropped to lowest prices so far on the 1922 crop. Current estimates of the yield of feed were construed as bearish, but were afterward partly offset by announcement of nearly 5,000,000 bushels increase in the visible supply of corn.

# CHICAGO PRODUCE

CHICAGO, Aug. 7.—(By A.
